

Explore Life in Northern Sweden – Lycksele and Malå Municipalities

Invite You to an Online Information Session Hosted by Move up North

Dear EURES Members and Partners,

Lycksele and Malå Municipalities, both EURES partners in Sweden, are pleased to invite you to share information about our upcoming online information session with contacts who may be interested in relocating to the northern part of Sweden.

As part of the Move up North project, we work to highlight opportunities for individuals considering relocation to northern Sweden. The project includes ten inland municipalities across Västerbotten and Norrbotten – a region known for its high quality of life, strong local communities, and closeness to nature.

Our municipalities are committed to welcoming new residents through relocation support services, offering information, guidance and personal assistance throughout the moving process.

We now invite individuals who are curious about life in northern Sweden to meet representatives from our municipalities, learn more about everyday life here, and discover the opportunities available in our region.

Participating municipalities:

Arjeplog, Arvidsjaur, Dorotea, Lycksele, Malå, Norsjö, Sorsele, Storuman, Vilhelmina and Åsele

Online Event: 1 April, 18:00–20:30 (CET)

The seminar will give participants a first introduction to the region and provide practical insights into relocating to our communities.
